GAME WARDEN I	30	D	1.767

SERIES CONCEPT

Game Wardens protect the wildlife and fisheries resources of the State and the public by enforcing wildlife, boating and natural resource laws and by providing education in areas such as wildlife management and hunter, boating and firearms safety.

Enforce wildlife, boating and other criminal laws; conduct patrols on land and water; observe and contact hunters, anglers, boaters and others regarding their activities; ensure proper licensing, note violations, and issue citations and warnings; check for outstanding warrants; search, handcuff, arrest and transport violators according to established guidelines.

Investigate suspected violations of law; receive and respond to citizen complaints; observe and interview witnesses, suspects and informants; collect physical evidence; perform necropsy procedures on animal remains; track violators and wildlife; take photographs and impressions of tracks and footprints; preserve evidence and document information for reference and intelligence files; coordinate efforts with local law enforcement agencies and prosecutors; prepare investigative reports and testify in court.

Present wildlife information and programs to service organizations, schools, game boards and the public; provide instruction in hunter, boating and firearms safety; answer questions related to laws, regulations, restrictions, limits and licensing requirements to educate the public, reduce violations and solicit cooperation.

Monitor establishments authorized to sell State hunting and fishing licenses; review applications to become licensing agents and conduct background investigations; conduct on-site inspections to ensure compliance with applicable laws.

Investigate applications for special licenses and permits for captive wildlife and marine events such as boat races and regattas, falconry, hunting preserves, pet shops, guides, taxidermists, wildlife breeders and dog trainers; conduct background investigations and on-site inspections; explain facility requirements and regulations; prepare written reports and make recommendations to approve or deny permits; conduct subsequent inspections to ensure compliance with legal requirements.

Investigate and respond to complaints from the public regarding wildlife; assess potential threat to lives and property and take appropriate action to restrain and capture wildlife; investigate and evaluate damage caused by wildlife to private property and public lands; trap and transport wildlife to various locations.

Provide and/or participate in training such as the use of firearms, specialized defensive weapons, defensive tactics, specialized equipment operation, wildlife enforcement techniques and communication equipment; develop lesson plans and curriculum; coordinate facilities and equipment; certify competencies in the use of defensive weapons to maintain established training standards.

Assist Biologists with wildlife and fisheries surveys from ground, air and water by making counts and compiling information related to population, composition, productivity, reproductive status and condition; identify diseased fish and wildlife and monitor trends, populations and migration.

Initiate, participate and cooperate with other law enforcement agencies in response to emergency situations; participate in searches for missing and/or injured persons using four-wheel drive vehicles, aircraft, snowmobiles or boats; provide emergency treatment and transportation to injured parties; search for bodies of drowning victims using sonar and scuba equipment.

Perform related duties as assigned.

CLASS CONCEPTS

Game Warden IV: Under the direction of the Wildlife Regional Manager, incumbents organize and oversee wildlife law enforcement activities in an assigned region, in addition to performing the full range of duties outlined in the series concept. Supervisory duties include responsibility to:

Train, supervise and evaluate the performance of assigned personnel; identify training needs and ensure proficiency in required areas; prepare work performance standards; assign and review work; provide technical expertise regarding investigations, arrests, and the interpretation of statutes and regulations.

Administer program budgets and approve expenditures according to established policies and procedures; evaluate the purchase of new equipment; forecast and plan for personnel, equipment, vehicles and project needs.

Game Warden III: Under general supervision, incumbents perform the full range of duties outlined in the series concept. This is the journey level for the series.

Game Warden II: Under supervision, incumbents continue to receive training in the more complex aspects of enforcement of wildlife and boating safety laws and regulations. In order to progress to the Game Warden III level, incumbents must meet the minimum qualifications and have the approval of the appointing authority.

Game Warden I: Under direct supervision, incumbents receive training in performing all or part of the duties outlined in the series concept. This is the trainee level for the series.

MINIMUM QUALIFICATIONS

SPECIAL NOTES AND REQUIREMENTS FOR ALL POSITIONS IN THIS SERIES:

- * Pursuant to NRS 284.4066, all positions in this class series have been identified as affecting public safety. Persons offered employment in this series must first submit to a pre-employment screening test for controlled substances.
- * Applicants must meet Peace Officers Training & Standards (POST) requirements as established in the Nevada Revised Statutes and Nevada Administrative Code.
- * Candidates must successfully pass a background investigation prior to being considered for appointment.

GAME WARDEN IV

EDUCATION AND EXPERIENCE: Bachelor's degree from an accredited college or university in wildlife management, biology or closely related field and four years of professional experience in enforcing wildlife and boating safety laws; **OR** one year as a Game Warden III in Nevada State service; **OR** an equivalent combination of education and experience. (See *Special Notes and Requirements*)
